Dear [redacted]

Thank you for your note to Director Casey, for whom I am responding. I had the pleasure of meeting you at our evening forum here about a year ago.

We appreciate your sending us the clipping about our "nearest neighbor" and found it very interesting.

I know the CIA and the citizens of McLean will continue to be good neighbors. We were delighted that you were able to attend our groundbreaking. It was a glorious day for a visit by the President and Vice President. We're still basking in the glory of it all!

Thank you again for your thoughtful note.

Sincerely,

[redacted]  
Charles E. Wilson  
Deputy Director
